Call for papers

## INTRODUCTION AND OBJECTIVES

After the impressive success of the previous eleven conferences held in Alexandria, on local and international levels, the twelfth "Alexandria International Conference on Structural, Geotechnical Engineering and Management" is to be held on 20-21 December 2026, in Alexandria, Egypt.

The conference will address diverse disciplines in structural, geotechnical engineering and management, with emphasis on new advances, materials and applications. The conference aims at bringing together academics and practitioners. The conference will provide a platform to discuss recent technical advancements and innovations in the profession of structural engineering and construction. It is an excellent opportunity for the exchange of ideas and knowledge, and for discussing future challenges.

## CONFERENCE TOPICS

Topics of interest for submission include, but are not limited to:

- New Construction Materials and Advanced Testing
- Nanotechnology
- Advances in FRP, Composite Materials and Design
- Repair, Retrofitting, and Maintenance of Structures
- Bridge Engineering
- Smart Materials and Intelligent Structures
- Concrete Technology
- Construction Engineering and Management
- Quality Control in Construction
- Fire Resistance of Structures
- High Rise Buildings
- Innovation in Design, Materials & Construction
- Computational, Fracture & Damage Mechanics
- Neural Networks and Optimization Techniques
- Vibration Analysis and Control
- Structural Health Monitoring
- Soil-Structure Interaction
- Geotechnical Engineering
- Earthquake and Wind Engineering
- Sustainable and Resilient Structures
- Code Development and Assessment
- Reliability and Risk Analysis
- Case Studies of Prominent Special Projects
- Value Engineering
- Special Contracts Arbitration
- Sustainability issues
- Low Carbon Advances
- AI Application & Effects

## Twelfth Alexandria International Conference on Structural, Geotechnical Engineering and Management

A selected number of prominent regional and international experts will present keynote lectures.

## CALL FOR PAPERS
